# ew York Stock Market

New York, November 15.—Operations a stocks were curtailed to-day, and during most of the trading prices of the leading issues changed but little.

A brisk selling movement imparted some life to the market in the last likewar and quotations were scaled down, though losses were not severe. Speculative interest seemed at low obb.

In the early dealings specialties were more than ordinarily prominent, with substantial gains, and some of the to-bacco issues, fertilizers, equipments and American Beet Sugar. Preferred these of the latter were under pressures of the latter were under pressures of the latter were under pressures. Union Bag and Paper, common and preferred and several of the minor ratiways. The decline in bag and paper issues was most precipitate, the former falling 3 points and the preferred 7. Call money ranged between 5.1-2 and 6.1-2, with moderate demand.

Interior banks were again moderate murchasers of business paper.

Interior banks were again moderate Prices of Americans in London were quoted higher. The local market at no time made more than slight recessions to the higher general average of our stocks abroad. Bands were irregular.
